SUMMARY

Results-driven Web Developer and Shopify Developer with professional experience building scalable, conversion-focused websites, custom eCommerce solutions, and advanced automation workflows. Proven track record collaborating with over 50 international clients to deliver high-performance custom WordPress, WooCommerce, and Shopify Liquid architectures. Skilled in optimizing conversion rates (CRO), streamlining checkout funnels, and managing cross-platform CRM and web infrastructure.

EXPERIENCE

ZAHACO

Full Stack Web Developer

Faisalabad, Pakistan

2025 – Present

- Built and customized robust, responsive Shopify themes utilizing **Shopify Liquid** templates and custom architectures.
- Developed high-converting sales funnels using **Funnelish** and **Checkout Champ** to optimize sales pipelines.
- Created performance-driven, responsive landing pages with **Replo** tailored explicitly for Conversion Rate Optimization (CRO).
- Streamlined checkout flows and integrated essential marketing analytics tools to minimize friction and boost revenue.
- Collaborated closely with growth marketing teams to architect and launch enterprise-scale eCommerce campaigns.

Bitlogia Digital

Full Stack Developer / WordPress Developer

Faisalabad, Pakistan

July 2025 – July 2026

- Shipped 100+ critical feature enhancements, custom components, and speed optimizations across **WordPress**, **WooCommerce**, and **Shopify**.
- Configured automated workflows using **n8n** and **GoHighLevel (GHL)**, eliminating manual overhead and streamlining high-volume client pipelines.
- Designed production-ready checkout funnels using **Funnelish** and **Checkout Champ** with deep cross-platform CRM data synchronization.
- Managed secure production infrastructure across **cPanel**, **Cloudflare** security policies, DNS routing, and multi-domain migrations.

Codevisionz

Full Stack Web Developer

Faisalabad, Pakistan

July 2024 – July 2025

- Designed, developed, customized, and maintained diverse web properties using **WordPress**, **Shopify**, **Wix**, and **Squarespace**.
- Engineered fluid, responsive, high-performance web applications specifically mapped to custom technical and business specifications.
- Customized deep backend theme logic, specialized plugins, and tailored eCommerce checkouts across multiple content management systems.
- Collaborated transparently with clients and product teams to deliver highly scalable, modern, and user-centric frontend solutions.

Edify College of IT

MERN Stack Developer (Intern)

Faisalabad, Pakistan

May 2025 – July 2025

- Engineered structural backend elements, RESTful API endpoints, and stateless authentication protocols utilizing **Node.js**, **Express**, and **JWT**.
- Honored with the Excellence Award for foundational architectural contributions to the standalone Pharmacy Management System.
