SUMMARY

Results-driven Web Developer and Automation & CRM Specialist with professional experience building scalable, conversion-focused web applications and automated workflows. Proven track record collaborating with over 50 international clients to deliver custom WordPress, WooCommerce, Shopify, and cross-platform CRM architectures. Skilled in optimizing operational workflows, Conversion Rate Optimization (CRO), RESTful APIs, and backend integrations to streamline client pipelines and accelerate digital growth.

EXPERIENCE

ZAHACO

Full Stack Web Developer

Faisalabad, Pakistan

July 2025 – Present

- Shipped 100+ critical feature enhancements, custom components, and speed optimizations across **WordPress**, **WooCommerce**, and **Shopify** platforms.
- Configured automated workflows using **n8n** and **GoHighLevel (GHL)**, eliminating manual overhead and streamlining high-volume client pipelines.
- Architected production-ready checkout funnels using **Funnelish** and **Checkout Champ** with deep cross-platform **CRM data synchronization**.
- Managed secure production infrastructure across **cPanel**, **Cloudflare** security policies, DNS routing, and multi-domain migrations.
- Engineered performance-driven, responsive landing pages with **Replo** and custom **Shopify Liquid** architectures to optimize Conversion Rate Optimization (CRO).
- Collaborated closely with growth marketing teams to architect enterprise-scale e-commerce campaigns and integrate analytics tools.

Bitlogia Digital

Full Stack Developer / WordPress Developer

Faisalabad, Pakistan

July 2024 – July 2025

- Delivered end-to-end full-stack web solutions and specialized **WordPress** development projects for client accounts.

Codevisionz

Full Stack Web Developer

Faisalabad, Pakistan

July 2024 – July 2025

- Designed, developed, customized, and maintained diverse web properties across **WordPress**, **Shopify**, **Wix**, and **Squarespace**.
- Engineered responsive, high-performance web applications specifically mapped to custom technical and business specifications.
- Customized deep backend theme logic, specialized plugins, and tailored e-commerce checkout flows.
- Collaborated transparently with clients and product teams to deliver scalable and user-centric frontend solutions.

Edify College of IT

MERN Stack Developer (Intern)

Faisalabad, Pakistan

May 2025 – July 2025

- Engineered structural backend elements, **RESTful API** endpoints, and stateless authentication protocols utilizing **Node.js**, **Express**, and **JWT**.
- Earned Excellence Award for foundational architectural contributions to the standalone Pharmacy Management System.
